

DR IAN BAXTER

Bariatric & General Surgeon

MBBS FRACS

Bariatric surgery can be life-changing.

Dr Baxter has helped thousands of patients finally break free of their battle with obesity.

Dr Ian Baxter is an Australian trained general surgeon with a special interest in Upper Gastrointestinal surgery, bariatric surgery and laparoscopic hernia surgery. He has been a fellow of The Royal Australian College of Surgeons since 1995 and has resided on the Sunshine Coast since 1998. Dr Baxter completed his medical degree at the University of Queensland in the 1980's and went on to train at the Royal Brisbane Hospital, where he completed his surgical training.

After fellowship, he had post fellowship training in the United Kingdom at Bath and Edinburgh in upper gastrointestinal surgery. In 1997 he returned to Queensland to take the job of Director of Surgery at the Queen Elizabeth Hospital in Brisbane but has always had a longstanding goal to live on the Sunshine Coast and settled with his family in 1998. Dr Baxter was the first person to start performing bariatric surgery on the Sunshine Coast shortly after his arrival and has been consistently doing this for the past 20 years in which he has performed over 3500 procedures.

Dr Ian Baxter will be consulting monthly on a Thursday at the Gympie Specialist Clinic, with procedures performed at Buderim Private Hospital.

His interests and expertise include:

- Omega Loop Mini Bypass
- Gastric Bypass
- Laparoscopic Sleeve Gastrectomy
- Laparoscopic Banding
- Band Revision
- Orbera Gastric Balloon
- Corrective/Revisional Surgery
- General Surgery
