

**DR TOBY
COHEN**

Vascular Surgeon

MB. BCH. BAO. MA. MSC FRACS

Dr Toby Cohen grew up in Brisbane but undertook his Medical Degree, in Trinity College Dublin and completed in 1999. Following that he remained in Ireland and finished his internship and spent 2001 doing a Masters and demonstrating Anatomy. He returned to Australia to the Princess Alexandra Hospital and completed his time as Basic Surgical Trainee. The Advance Vascular Surgical Programme saw him gain a large experience in Endovascular Surgery at St Vincent's Hospital in Melbourne and Trauma Surgery at Liverpool Hospital in Sydney. After completing his final year of training, he spent three months in Holland with Eric Verhoeven learning advanced Endovascular techniques for Juxta-Renal, Thoraco-Abdominal Aortic Aneurysms and Radiofrequency Ablation for Varicose Veins.

Areas of interest

Dr Cohen's particular interests lie in minimally invasive Vascular Surgery: Varicose Veins Surgery, Aortic Aneurysm Disease, and Peripheral Arterial Disease.
